SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

Situation Overview

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>.

- **State Executive Order N-33-20**

On 08/28/20, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

Confirmed Global COVID-19 Cases – Per Worldometers COVID-19 Live Updates as of 01/05/21 at 1100 hours:

- 86,429,279 (+679,873) total confirmed cases in 218 countries.
- 1,867,637 (+12,567) total deaths.

Confirmed United States COVID-19 Case – Per Centers for Disease Control and Prevention (CDC) as of 01/05/21 at 1000 hours:

- 20,732,404 (+173,915) total confirmed cases.
- 352,464 (+1,800) total deaths.

Confirmed California COVID-19 Cases - Per Medical Health Coordination Center as of 01/05/21 at 1100 hours:

- 2,452,334 (+31,440) total confirmed cases.

- Please see attached California Health & Human Services (CHHS) Agency / Cal OES Joint Situation Report for additional details.

- VoIP Users Impacted: Yes. 1,720 VoIP users

Service Interruptions

- None reported

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- A series of storm systems will continue across primarily northern California this week.
 - Minor impacts and increased runoff are possible for burn scar areas across northern and central California during periods of moderate to locally heavy rainfall.

SOUTHERN CALIFORNIA

- Nothing significant to report.

Weather Advisories, Watches, and Warnings currently active in California:

<http://www.wrh.noaa.gov/hazardSummary/?state=ca>

Active Weather Warnings, Watches and Advisories by County:

<http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

WEATHER KEY POINTS

01/06/21 - 01/12/21

Wednesday-Friday

- Two additional storms will impact northern California through Friday
 - First is expected today, bringing rain and snow, with snow levels generally above 4,500 feet. Gusty winds to 45 mph are likely over the northern California higher mountains, with a few thunderstorms also possible across northern coastal areas.
 - Minor impacts and increased runoff are possible for burn scar areas across northern and central California during periods of moderate to locally heavy rainfall, but no widespread impacts are expected
 - 2nd storm arrives late Thursday night into Friday, with additional rain and higher elevation snow, mainly above 4,500 feet once again
- Elevated to near critical fire weather conditions will develop at times across the mountains of southern California where winds will locally gust to 40 mph

Saturday-Sunday

- Elevated to near critical fire weather conditions are expected for the weekend across southern California, especially in the vicinity of the Transverse Ranges where winds will gust to 40 mph at times

Monday-Tuesday

- Additional light precipitation could return to far northern California, but confidence in the details is very low at this time
